

Quality Policy

Our company **BROS N. AXAKALIS & Co “NAX”** has been implementing Quality Assurance and Management Systems since 1997, with main goals the customers satisfaction and continuous improvement.

Over the past 20 years our company maintains a computerized (paperless) quality management program, which alongside with the waste and recycle management is contributing to a healthier environment.

The Management, through its Quality System designs **measurable goals, controlling all stages of the production process.**

By understanding **customer’s value**, we are able not only to meet but also to overcome his expectations with a wide variety of products and services , high quality at low cost, and very fast handling times, offering at the same time consistency, reliability and confidence to our customers and partners.

Focusing on **extroversion**, we implement targeted investments to strengthen our competitiveness in foreign markets and to upgrade existing co-operations.

For achieving its goals, **management is committed to:**

- ✓ Ensure the **resources** needed.
- ✓ Find the **risks** and **opportunities** and through its **reviews** to take steps to ensure not only the uninterrupted operation but also the continuous improvement.
- ✓ To be led to **growth** with continuous investments, a constantly trained staff and our evaluated suppliers.

This quality policy is being reviewed periodically, is appropriate, compatible, and serves the purposes and the strategic orientation of our organization.

NAXs Quality System is based on the conditions of the Quality Standard **ISO 9001: 2015** and meets the requirements of legislation and regulations.

Our Quality Policy is available to all interested parties, on our company's website www.nmw.gr and where it may be required.
